1 Loch Ness

1. Read.

Loch Ness is home to the Loch Ness Monster. Or, as it's better known, Big Ness. Nessie wants to find out. Loch Ness is the Scottish word for lake. Loch Ness is in the Scottish Highlands, 8 km from the city of Inverness. It is about 30 kilometers long and 2 kilometers deep. Some people think that Nessie, the aquatic monster lives at the bottom of this deep water. They say that she looks like a plesiosaur, with a long neck and enormous hump. Do you want to see Nessie? Go on a cruise and look for her in the water. Visit the ruins of Urquhart Castle too. This castle was very important in Scottish history. King Alexander II built the castle in the 13th century. There is a fantastic view of the loch from the castle. Remember to take your camera on this trip. You might get a photo of Nessie! Imagine that!

2. Read. Answer the questions. Use maximum four words.

- What does Loch Ness mean in Scottish?
- Where is Loch Ness?
- What does Nessie look like?
- How deep is the water?
- What does Nessie look like?
- Who built Urquhart Castle?

3. Think. Discuss.

- Do you think the Loch Ness Monster exists? Yes, I do because... No, I don't because...

4. Compare.

- Are there any mythical creatures in your culture? Find an image. Stick your image here. Write a description (50 words).
