Reading

10 Read the email. Choose True (T), False (F) or Not Given (NG).

To:	Tom
From:	Jason

Hi, Tom!
How are you? Here in the USA I'm having a great time! I left on September 12th to come to Chicago and I'm staying here for three months, on an exchange programme. Every day I go to school from 9.15 to 15.30 and I'm attending a lot of interesting subjects, such as drama, archaeology and computing. Here in this school you can choose the subjects you want to attend and they help you to organise your study schedule. You can do your homework at school, together with other students, and this is very good to exchange your ideas and to memorise the content. There is also a library and a computer lab for the students. Last week the teachers taught me some very good study strategies, as for example to highlight the key words, to write notes or to make spidergram and so on ...
Next Saturday we are going to a school trip to the Planetarium, it seems to be the first in the USA!
We are also visiting the Botanic Garden, I'm very happy!
What about you? What are you doing at school?
Bye for now

Jason
